31 Years of Proven Success:

Guy Enriques Team Camp has helped guide hundreds of teams to various levels of success. From digging teams out of cellar finishes, to league play-off titles, state appearances and State Championships, Guy Enriques Team Camps will help every team achieve their best. Teams from the following schools have attended our camps over the years.

This will be Coach Guy's 31st year as the Director and Head Clinician of Team Camp. His philosophy and focus on building teams has now become a prominent direction in the area of volleyball camps and continues to lead the way in providing the best camp available.

Coach Guy is a firm believer in a coaching philosophy that balances the emphasis in physical training and mental training. He walks-the-talk and takes the mental training, physical training and team attitude to a higher level. He is excellent in getting his players and teams to "buy into" the concept of taking responsibility for personal and team success. The creation of the PowerBook is the major tool that helps his teams and individuals grow, improve and achieve beyond the normal speed and expectations.

Coach Enriquez' coaching career began at Gresham High School in the State of Oregon. He completed his 6 year tenure winning the School's first volleyball State Championship in 1986. With no previous collegiate coaching experience, Coach Enriquez took the reins of the Oregon State University Women's Volleyball Program and proceeded to lead the OSU Beavers out of the bottom of the PAC-10 finishes, to a third place finish behind powerhouse UCLA and Stanford.

While coaching the Beavers, OSU received regional and top 20 rankings, while Coach Guy was awarded the Co-PAC 10 Coach of the Year Award. Coach Enriquez was also awarded the West Region Coach of the Year Award.

Coach Guy currently coaches the Boys Volleyball Program at Kamehameha High School, a position he has held for the past 14 years. In the last 6 years, he has led his team to 4 runner up State finishes and received State and Conference Coach of the Year recognition.

Guy Enriquez
Camp Director/Head Clinician

What's great about Guy's Team Camp?

- 1. Continuity of Training:** At Team Camp, the high school coach has the ultimate say in what is being taught. Together the team trains and learns the essential technical, tactical and mental skills of the team game. Learning together is the critical factor in assuring the team's ability to transfer what the team learned at the camp into their traditional high school seasons.
- 2. Team Building and Bonding:** The strength of six great players cannot match the power of one great team. At Team Camp, we are best at bringing individuals together as a team. Understanding the team concept opens the door to much more than just winning volleyball games. It opens the door to learning how to win in the game of life.
- 3. Get a Jump Start on Your Season:** Nowhere else can you get 4 days of approximately 9 hours of daily team training focus, with no distractions.
- 4. Mental Toughness Training:** Team Camp emphasizes mental toughness development. Mental toughness is the conscious ability of a team or individual to consistently perform at their best, and more importantly when the situation is at its worst.
- 5. Individual Skills Camps vs. Team Camps:** It takes far more effort on the coach's part to hustle and get the majority of the team to attend a team camp. However, I believe every coach would agree that the results of such effort is far more profitable than to sit back and simply encourage your players to go to an individual skills camp.

Guy Enriquez Team Camp

Why choose Guy's Team Camp?

Team Camp is Appropriate for All Competitive Levels

Our unique tournament format directs teams to their level of competition. Whether you are a large or small school, JV or young club team, every team will be challenged. Tournaments are formatted to drive and motivate both the advanced and beginning team.

The Best Coaching Staff at any camp! A camp is only as good as the coaches that serve you and your team. Our coaching staff pride themselves in their efforts to give you the most productive and positive camp you will ever have.

We focus on building the team: Our camps success is a result of a strong emphasis on building team skills. Team skills is the power that gives the ordinary team, extraordinary abilities and performances. The three major areas of team building are:

- ☑ **Mental Development:** Attitude, responsibility, self-discipline, fear, desire, optimism, success thinking, etc.
- ☑ **Team Skills:** Communication, team support skills, player-coach relationship, playing your part as a member of a team, understanding personal and team goals, all for one and one for all attitude, etc.
- ☑ **Team Volleyball Skills:** Serve, receive, team offense, team defense, team transition, etc.

Daily and Nightly Competition: Team Camp strongly emphasizes instruction and practice under game-like situations. Teams compete continuously against other similar strength teams under highly controlled situations that focus on developing a particular team skill rather than just competition for competition sake. Examples of team competition focus are *Playing Under Pressure, Playing from Behind/Ahead, Finishing the Game, Serve and Serve Receive Ability, Ball Control, etc.*

Player PowerBook: Each player and coach will receive a player PowerBook, created by Coach Guy Enriquez and specifically designed to build the team and the individual players. Components of the PowerBook are:

- Time Management & Organization Planner
- Academic Tracking System
- Attitude Building - Quote Section
- Player-Coach Conference Room
- Personal and Team Goals Identification
- Volleyball Training Tips

Talent Night Competition: Talent night is one of the most memorable events at Team Camp. Competition is set in an entirely unique arena of team song and dance. Talent night serves an array of valuable functions, some of which are: Team Bonding, Dealing with Pressure in a Different Way, Fun, Camp Unification, etc.

Registration Information

- Early Registration:** \$275/player & First Time Coach if paid in full by June 1, 2018
- Registration Fee:** \$300/player & First Time Coach if paid after June 1, 2018
